

# **Covid-19 safety measures at Markfield community centre**

We are maintaining the following safety measures to reduce the risks of virus transmission in line with government guidance:

- holding our sessions outdoors as far as possible in our large garden & playground
- asking people NOT to come to the centre if they have any covid-19 symptoms or have been in contact with anyone who has tested positive
- asking everyone to wash their hands (or use sanitiser) upon entering the building
- asking visitors and staff to wear masks or visors (where possible) whilst in shared areas and to observe social distancing
- extra cleaning before each session

**A copy of our covid-19 risk assessment and mitigation measures is available on request.**
